

DEPARTMENT OF HEALTH AND HUMAN SERVICES

April 25, 2020

**EIGHTH AMENDED STANDING PUBLIC HEALTH ORDER MODIFYING
RESTRICTIONS TO CONTINUE TO LIMIT AND CONTAIN THE SPREAD OF THE
COVID-19 VIRUS.**

Pursuant to Colo. Rev. Stat. § 25-1-506 and other applicable authority, this Order sets forth guidance and requirements for, as well as limitations on, group gatherings and other activities to slow the spread of the COVID-19 virus. Except as provided expressly herein, this Order amends and supersedes all previous Standing Public Health Orders issued by Gunnison County regarding COVID-19.

On March 10, 2020, the Governor of Colorado declared a state of Emergency related to the presence of COVID-19 in the State. The Colorado Department of Public Health and Environment has confirmed that COVID-19 continues to spread throughout the State of Colorado, and community transmission of the illness has been confirmed in Gunnison County.

On March 12, 2020, Gunnison County declared a Local Disaster Emergency related to COVID-19. The County extended this Local Disaster Emergency pursuant to a meeting of the Gunnison County Board of County Commissioners on March 17, 2020.

On March 13, 2020, the President of the United States declared a National Emergency due to COVID-19.

On March 15, 2020, large municipalities across the nation, such as New York City, have announced the closing of all bars and restaurants except for takeout and delivery services.

On March 15, 2020, the Colorado Department of Public Health and Environment (“CDPHE”) issued a statement strongly advising visitors to and residents of Gunnison County to minimize social contact and recommending that visitors return home rather than remain in the County.

On March 25, 2020, the Governor of Colorado issued Executive Order D 2020 017, “Ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State.” The Governor subsequently issued amendments to this Order.

On March 26, 2020, CDPHE issued Updated Public Health Order 20-24 Implementing Stay at Home Requirements.

On April 20, 2020 and again on April 22, 2020, the Governor of Colorado announced that the State of Colorado would begin on or around April 27, 2020 a measured and deliberative process to phase out certain restrictions imposed by previous Orders issued by the Governor and by CDPHE.

The purpose of these amendments is to direct and support the community’s COVID 19 response efforts.

The Public Health Director continues to find that non-residents, visitors and non-resident homeowners from lower altitudes, regardless of whether they are residents of Colorado, another state, or a foreign country, are at a greater risk for complications from COVID-19 infection than residents, who are acclimatized to the high-altitude environment of Gunnison County. The Public Health Director also finds that non-residents, regardless of whether they own a residence in Gunnison County, and regardless of whether they reside in Colorado, another state, or another country, continue to impose potentially excessive burdens on local health care, public services, first responders, food supplies and other essential services. Such persons continue to potentially create issues with regard to enforcement of Gunnison County’s public health orders.

Notwithstanding these findings, the Public Health Director has determined that, at this time, relaxation of at least some of the restrictions directed toward non-residents and others can be and is consistent with protecting the public health. The Public Health Director finds that such

relaxation must be conducted on a gradual or “roll out” basis in order to continue to protect the public health but to also allow a gradual return to normal activities. For this reason, this Order is designed to relax certain requirements on April 27, 2020, and others on May 1 and again on May 4, 2020. Prior to these effective dates, the provisions of the Seventh Amended Standing Public Health Order (issued April 21, 2020), which is incorporated by reference herein, shall continue to apply except as otherwise expressly provided in this Order.

The Public Health Director reserves the right to tighten restrictions in future Orders should protection of the public health necessitate such measures.

The age, condition, and health of a significant portion of the population in Gunnison County places it at risk of serious health complications, including death, from COVID-19. Although most individuals who contract COVID-19 do not become seriously ill, persons with mild symptoms and asymptomatic persons with COVID-19 may place other vulnerable members of the public at significant risk. A large surge in the number of persons with serious infections can compromise the ability of the healthcare system, particularly in the high-country counties currently affected by community transmission, to deliver necessary healthcare to the public.

The limitations on business activities and large gatherings, and the use of social distancing decreases the risk of COVID-19 transmission to our most vulnerable populations, and is especially important for people who are over 60 years old and those with chronic health conditions due to their higher risk of severe illness and death from COVID-19. This Order will reduce the likelihood that many individuals will be exposed to COVID-19, and will therefore slow the spread of COVID-19 in our communities.

This Order is adopted pursuant to the legal authority set forth in sections 25-1-506 and 25-1-508, Colorado Revised Statutes. Under these laws, the Gunnison County Public Health Director has the duty to investigate and control the causes of epidemic or communicable diseases and conditions affecting public health and to establish, maintain, and enforce isolation and quarantine, and in pursuance thereof, and for this purpose only, to exercise physical control over

property and over the persons of the people within the jurisdiction of the agency as the agency may find necessary for the protection of the public health.

For the avoidance of doubt, this Order should be construed to eliminate all non-essential services, travel, activities or sales of goods, and should be construed in the light most favorable to preventing the community spread of COVID-19 and protecting the public health.

To the extent any ambiguity exists between this Order and any statement made by Gunnison County or others regarding the interpretation or effect of this Order, the express terms of this Order and the interpretation of the Public Health Director shall control.

For the avoidance of doubt, this Order controls over any executive order issued by the Governor of Colorado. This Public Health Order is consistent with and more restrictive than the executive orders thus far issued by the Governor of Colorado and the Colorado Department of Public Health and Environment (“CDPHE”). Because this Order is more restrictive, the waiver process contemplated by the CDPHE does not apply to this Order.

For the avoidance of doubt, this Order applies equally to persons within the boundaries of Gunnison County, Colorado, regardless of their city, state or country of origin.

The Public Health Director finds that the provisions of this Order are necessary and are the least restrictive means available to continue to adequately protect the public health.

If any provision of this Order is held to be invalid, the reminder of the Order, including the application of such part or provision to other persons or circumstances, shall not be affected and shall continue in full force and effect.

This Order shall apply to all unincorporated areas of Gunnison County, Colorado (including State and Federal public lands) and all incorporated (municipal) areas that do not have their own public health agency, to wit: City of Gunnison, Town of Crested Butte, Town of Mt. Crested Butte, Town of Marble, and the Town of Pitkin, Colorado.

I. DEFINITIONS

For purposes of this Order:

An “Event” is a gathering for business, social, or recreational activities, or a location that engages in or allows for such activities; that takes place indoors or outdoors, including, but not limited to, community, civic, public, leisure, or sporting events; parades; concerts; festivals; assemblies; places of worship; conventions; fundraisers; restaurants (regardless of capacity); community recreational centers; ice rinks; libraries; child care centers; and similar locations and activities.

“Event” does not include activities that can be individual, conducted in small groups consistent with the express terms of this Order, or limited to persons residing in the same residence, such as golfing, cross-country (Nordic) skiing, backcountry skiing, snowshoeing, walking, hiking, trail running, road cycling, dog walking, fly fishing, kayaking, paddle boarding, and mountain biking, as long as social distancing and other efforts to comply with this Order occur. For the avoidance of doubt, because guided, group or team activities are unable, by their nature, to maintain social distancing and other anti-viral measures, such activities are prohibited. This includes, but is not limited to, minor or adult rugby, lacrosse or soccer leagues, group or team bike rides, guided raft trips, guided backcountry ski excursions, avalanche courses, wilderness medicine classes (*e.g.*, Wilderness First Aid or First Responder) courses, Nordic ski classes, rock climbing schools or clubs, guided mountain bike classes or trips, guided fly fishing floats or trips, guided horse- or backpacking excursions, and other activities conducted in a group or employing or using a professional guide or instructor.

“Event” also does not include places of employment for federal, state, local and special district employees, employees of public utilities or utility service providers (*e.g.*, electric utility providers, internet service providers, water and sewer service providers), grocery stores (*e.g.*, Clark’s, Safeway, or City Market), hardware stores, gas stations, medical service providers (*e.g.*, hospitals, doctor’s offices, veterinarians, medical clinics, dental offices, physical therapists, pharmacies, medically necessary massage, medically necessary acupuncture) or discount department stores (*e.g.*, Wal-Mart, Dollar General).

“Fastest and Safest Available Means” means those method(s) of travel reasonably available to a person and that does not endanger the safety or public health of such person or others. By way of example only, a person who has tested positive for COVID-19 should not immediately travel and should instead follow the requirements for isolation and self-quarantine set forth in Paragraph II(O) of this Order.

“Principal Residence” normally means the property that a person uses a majority of the time during the year, but can also be determined on a case-by-case basis (if necessary) employing additional factors at the sole discretion of the Public Health Director, including but not limited to:

- (i) If employed, the person’s place of employment;
- (ii) The principal place of abode of the person’s family members;
- (iii) The address listed on the person’s federal and state tax returns, driver’s license, automobile registration, and voter registration card;
- (iv) The person’s mailing address for bills and correspondence;
- (v) The location of the person’s banks; and/or
- (vi) The location of religious organizations and recreational clubs with which the person is affiliated.

“Non-Resident” means a person whose Principal Residence is outside of Gunnison County, including but not limited to visitors, tourists, non-resident homeowners, unemployed seasonal or temporary workers, and non-resident university students not presently enrolled in a post-secondary education institution located within Gunnison County.

“Non-Resident Homeowner” means a Non-Resident whose Principal Residence is outside of Gunnison County, regardless of what state or country in which the Principal Residence is located.

“Residence” means a home, apartment, condominium unit, manufactured home, long term hotel or motel room, accessory dwelling unit or similar such structure where one or more persons reside on a permanent or temporary (at least 30 days or more) basis. For avoidance of doubt,

“Residence” does not include those buildings, facilities, locations or activities set forth in Paragraph II(G) of this Order.
