

4/12/2021 Updates

Joni Reynolds, RN/CNS, MSN

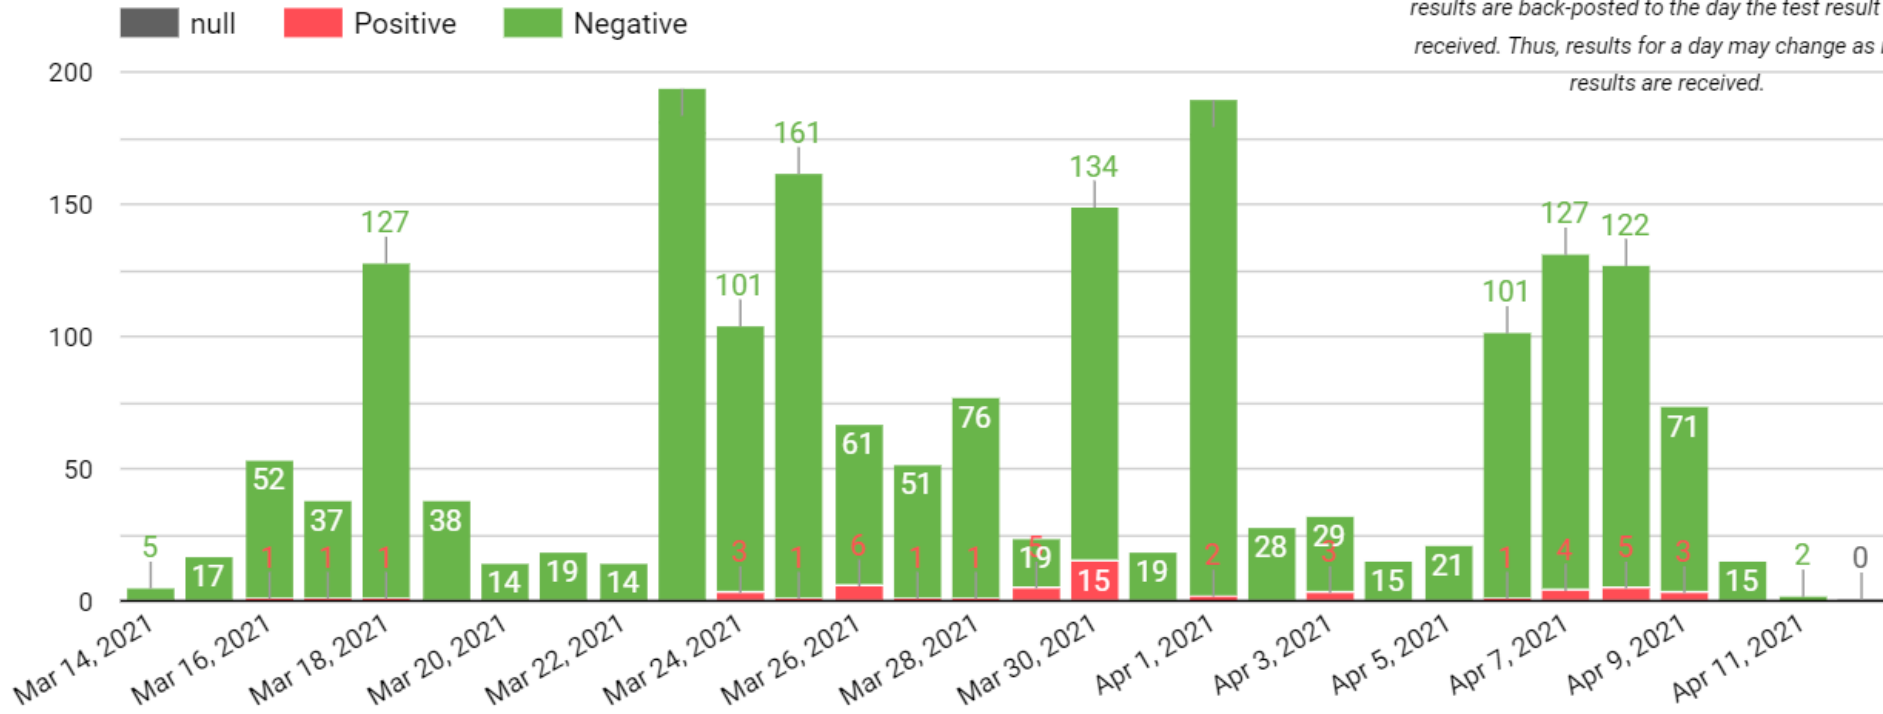

Public Health Director

Executive Director, Health and Human Services

GUNNISON COUNTY

Cases

Swab and Rapid Test Data (prior 30-days, updated Sun/Wed evenings)

There are an increasing number of methods of testing, some involving significant delays. Test results are back-posted to the day the test result was received. Thus, results for a day may change as new results are received.

Vaccination Numbers Update

Total Doses
Administered
15,162

Individuals Fully
Vaccinated
6,628

Push for Green!

- ▶ Once we have completed vaccinating all the individuals in the database we are predicting we will be over 9,000 Gunnison County residents fully vaccinated.
- ▶ We need more Gunnison County residents to get vaccinated through any channel available to them in order to reach our goal of 10,000.
 - ▶ The number of individuals fully vaccinated is pulled from a State database (Colorado Immunization Information System) based on individuals who list a Gunnison County address.
 - ▶ It does not matter where a Gunnison County resident receives a vaccine

Changes to the State Dial

- ▶ It is expected the State Dial will become guidance on Friday
- ▶ These changes will not impact the Gunnison County Coronameter
 - ▶ Gunnison County will remain in Blue Level Coronameter restrictions until 10,000 Gunnison County residents are fully vaccinated
 - ▶ A reminder that the requiring for facial coverings continues in Green on the Coronameter
 - ▶ The Gunnison County Public Health Order will sunset on 7/1/21
