

Events Review

Standing Meeting

4/5/21

General Updates

- There has been an update to the Event and Information for Review on the Events Review website
- The FAQ on the Events Review website has also been updated
- Additionally, there will be an update for the ERMA process. This is expected to be completed by the end of the week
 - This is to support dance floors and dancing per changes in the State guidance on the topic

Events Information and Review

- The guidance has been updated to reflect changes to the social distancing requirements
- There are a variety of distances that are being considered for different event applications
- These have been updated in the EIR on the website
 - One thing to note is a change in the distance for performers
- It remains important to consider social distancing in your events you're supporting

Sporting Events and Spectators

- Gunnison County is supportive of outdoor viewership/spectators at sporting events
- It is asked that spectators are limited to two people per individual participating in the sport
 - This applies to both home and visiting teams

Space Calculator

- The space calculator is to be used for Seated Events this is to ensure a safe amount of participants are involved

Symptom Screening and Tracking

- It is advised to consider asking about vaccination status in a screening process
- This is not a HIPAA conflict if used in that limited context for public health
 - Folks may not be interested or comfortable in sharing that information

Vaccination Status for Events

- There have been some questions regarding a threshold of vaccination at events and whether that changes rules/guidance
 - Currently all CDC guidance applies to private gatherings and there is not broad-based guidance for this process
