### **Agenda**

- 1. Update on Vaccination Progress**
- 2. Questions and clarity on the public health order**

There will be an update on public health numbers in our community and an update on our vaccination progress and the push to reach Green on the Coronameter.

To ensure ease of access to vaccine in working populations, Gunnison County is interested in bringing vaccination to your workplace. If you have workers who have a hard time accessing vaccination due to working hours, we can come to you. Interested in learning more about the opportunity to have a vaccination clinic for your workplace or jobsite? Contact Loren Ahonen or attend the All Business Meeting.

We will also take clarifying questions about the Gunnison County Public Health Order in relation to recent public health guidelines at the State and National level.

As a reminder, facial covering requirements continue until the expiration of the Gunnison County Public Health Order.

### **Events Subgroup**

All who are registered for the Events Subgroup should have received notification that we will be reconvening the Events Subgroup meetings on the first Monday of each month @ 10:30 am.

The ZOOM information was sent to that subgroup and the Events page on the COVID19.gunnisoncounty.org site has been updated with that information as well.
